<u>Premium Group's Subsidiary Introduces Next-Generation Telematics On-Board Devices and</u> <u>Supports the SDGs</u>

Name	Premium Group Co., Ltd. (Securities Code: 7199)
Overview	 Premium Group's wholly owned subsidiary Premium has introduced next-generation telematics on-board devices on cars used in branches in Japan to streamline marketing activities and improve fuel consumption. In addition, through an SDGs lease, it will donate part of the lease fees paid for the devices to learning support programs for high school students with economic difficulties and young people who dropped out of high school.
Effects of telematics on-board devices	 (1) Reduction of labor hours through automatic preparation of daily reports (2) Improvement of fuel consumption with eco-drive navigation (expected improvement rate: approx. 21%) (3) Safety measures and traffic accident reduction through the driving diagnosis function
About SDGs lease	The SDGs lease is the first lease in Japan contributing to the SDGs. It is provided jointly by Sumitomo Mitsui Finance and Leasing and Japan Research Institute. Because part of the lease fees will be donated to NPO Kids' Door, programs for learning support targeting high school students with economic difficulties and young people who dropped out of high school will be supported.
